

GREC

Our mission statement

GREC is working with others to ensure that everyone is valued for who they are and is able to contribute with encouragement and without fear of discrimination or unfair treatment.

Our objectives

GREC's objectives, as laid down in its Constitution are:

- To work towards the elimination of racial discrimination
- To promote equality of opportunity for all
- To promote good relations, between persons of different racial groups

Our beliefs

At GREC we believe that:

- Racial equality is for everyone - it is not an issue only for ethnic minorities but for all who want to contribute to our society
- Business efficiency is even more important than in private enterprise - credibility will only be earned by hard work, done efficiently, towards coherent goals
- Corporate governance is of utmost importance - transparency, fair dealing and genuine commitment to ideals must be visible to all; partners, users, founders, and society at large
- Leadership means always offering a way forward - we must always show how equality can be achieved - we must not be limited to criticism

Our aims

At GREC we aim to be:

- Credible
Everyone we deal with must be able to believe we will do what we say we can do, and that we can stand for what we proclaim.
- Inclusive
Everyone must be able to believe that their voice is heard and there is a place for them at GREC. Our leadership will therefore have people who are:
 - o from the widest range of ethnic groups
 - o from many creeds
 - o men and women
 - o young and old
 - o from different social backgrounds
 - o from groups often excluded

- Effective
We must carry out our mission.
- Accountable
We must recognise the right of all those who back us, who may fund us, or who may deal with us, to know exactly what we are doing.
